

**Landscape Operations Monthly Report
Submitted by George Arellano October 24, 2013**

As we enter into the fall/winter season below is the landscape maintenance schedule:

1. Remove the shade sails in the Demonstration Garden. Removal is scheduled for October 24th.
2. The irrigation system will be blown out in the Demonstration Garden and on South Aurora Parkway. System blow out is scheduled for October 24th.
3. Fall cleanup will be conducted. Cleanup is scheduled for November 3rd.
4. The native grasses will be cut back/trimmed when the snow accumulates and the grasses begin to droop.

In closing, I would like to thank our Board of Directors and staff for all of their help in making our District landscaping a wonderful success this year! Our success was validated by the City of Aurora and their bestowment of their first “Xeriscape Award.” The award was presented to the Board in September and featured in the October issue of Southland Life magazine.
