

**Landscape Operations Monthly Report
Submitted by George Arellano August 22, 2013**

Ridgeview Eagle Bend

The City of Aurora has approved Ridgeview’s proposed landscape plan for the area near the retention pond on Dry Creek Road. Per Jim Fletcher’s request last month (see Minutes dated July 25, 2013) the Board will enter into a cost sharing agreement/project with Ridgeview EB next spring, April 2014.

Creekside Eagle Bend

No information at this time.

Heritage Eagle Bend Master Association

No information at this time.

Demonstration Garden

This month I have regularly visited and inspected the garden and the center medians in order to be ready for the “garden’s open house” on August 26, 2013. Maintenance for all areas has been performed and the plant materials are maturing. The irrigation system has been adjusted and appears to be more efficient. The shade sails continue to be a visual enhancement to the area as well as a practical solution for shade. The entrance area has been greatly enhanced and the colors of the annuals are very attractive.
